## **JOB OPPORTUNITY**

# **Sheet Metal Fabricator Journeyman**

### **Full-time permanent position available**

We are currently looking for a hard-working and dependable Sheet Metal Journeyman, experienced in residential & commercial roughing-in and ducting work. This person will be responsible for performing sheet metal work for HVAC systems and equipment installations.

The ideal candidate is someone who wants to be a part of a growing team, who has keen interest in staying on the forefront of the industry, who is capable of working at various heights, lifting 50+lbs, ensuring they and others are always working safely, and assisting in a wide range of duties for our projects.

#### **RESPONSIBILITIES**

- Team players with the ability to work independently when needed
- Teach and supervise apprentices on job sites performing tasks, retrieving tools and parts. Prepare and set up work areas per safety regulations and Rhyno's policies
- Analyze and interpret construction and schematic drawings, technical literature and equipment specifications
- Layout and fabrication of sheet metal fitting required for field installations
- Install and retrofit commercial and residential units and ductwork as needed
- Keep track of material before, during, and after jobs to minimize loss or theft
- Able to follow directions, have a positive attitude, personal hand tools
- Produce timely and detailed service reports
- Follow company procedures and protocols
- Follow all Safety policies to maintain a safe and healthy workplace for everyone
- Cooperate with the technical team and share information across the organization
- Comprehend customer requirements and make appropriate recommendations
- Must be willing to work occasional overtime, evenings and weekends
- Showing up on time and ready to work every day is a must
- Keep your assigned company vehicle stocked & tidy at all times

#### **SKILLS & QUALIFICATIONS**

- Red Seal Journeyman Sheet Metal
- Valid driver's license and clean driving record
- Experience in residential and light commercial projects
- Ability to size duct jobs
- Able to perform physical work (bending, lifting, carrying, climbing ladders/stairs, loading/unloading) parts up to 50 pounds in weight
- Excellent organizational & time management skills
- Strong communication skills (written & verbal), to liaise with office-team and customers
- Outstanding customer service skills
- Ability to adapt to changing work schedules
- A personality that blends well with a fast-paced, goal-driven environment
- Demonstrated sound work ethics
